

Torque Wrench

- **Factory tested and guaranteed** to provide consistent torque over the life of the tool.
- **Color coded rings** for easy identification of different torque (inch pound) settings.
- **Knurled tool body** provides a gripping surface to ensure a firm hold during use.

DESCRIPTION

TorqueWrenches prevent damage to equipment from over tightening or signal loss due to loose connectors. Unlike other torque wrenches that lose their “snap” over time, the Cable Prep Torque Wrench will always apply the specified torque with every use.
